

ENVIRONMENTAL POLICY

RSD Plumbing recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods. We will encourage our employees, customers, suppliers and other stakeholders to do the same.

We endeavour to:

1. Comply with and exceed all relevant regulatory requirements.
2. Continually improve and monitor environmental performance.
3. Continually improve and reduce environmental impacts.
4. Incorporate environmental factors into business decisions.
5. Increase employee awareness and training.

Paper

- We will minimise the use of paper in the office, and reuse or recycle all paper where possible.
- We will seek to buy recycled and recyclable paper products.

Energy and Water

- We will seek to reduce the amount of energy used as much as possible.
- Lights and electrical equipment will be switched off when not in use.
- Air-conditioning will be adjusted with energy consumption in mind.
- The energy consumption and efficiency of new products will be taken into account when purchasing.

Office Supplies

- We will evaluate if the need can be met in another way.
- We will evaluate if renting/sharing is an option before purchasing equipment.
- We will evaluate the environmental impact of any new products we intend to purchase.
- We will seek to buy more environmentally friendly and efficient products.
- We will reuse and recycle everything we are able to.

Transportation

- We will maintain our vehicles.
- We will promote the use of travel alternatives such as e-mail or video/phone conferencing.
- We will make additional efforts to accommodate the needs of those using public transport or bicycles.

Chemicals

- Cleaning materials will be as environmentally friendly as possible.
- We will only use licensed and appropriate organisations to dispose of waste.
- In the event of a chemical spill it will be cleaned up immediately and in an approved manner.

Culture

- We will involve staff in the implementation of this policy, for greater commitment and improved performance.
- We will provide staff with relevant environmental training.
- We will work with suppliers, contractors and sub-contractors to improve their environmental performance.
- We will use local labour and materials where available to reduce CO² and help the community.
